*The starred items are required by law to be raised as determined by the proper authorities. The district determines the salaries of the district officers. The supervisory union board decides the local share of the superintendent's salary and other union expenses. The district's share of the superintendent's salary for 1953-54 was \$144.00. The other towns in the union contributed as follows: Milan, \$468.00; Gorham, \$2,196.00; Jefferson, \$432.00; Shelburne, \$216.00; and Randolph, \$144.00. The state's share was \$2,500.00. The state treasurer reports the amount of per capita tax. The retirement board assesses the amount for the teachers' retirement.

Estimated income:

State Treasurer, Noon Lunch Program \$400.00. (This is an offset item under Special Activities and Special Funds where the estimated expenditure is \$400.00. It has no effect whatever on the amount to be raised by taxation.) Any State Aid allotted or any balance remaining on June 30, 1955 will be deducted.

Report of Superintendent

To the Superintending School Committee and the Citizens of the Dummer School District:

FOREWORD

How good were the good old days? Were the people who were in school fifty years ago as good as they now claim they were? Are the stormy charges that today's children "aren't learning anything," more particularly reading, writing and arithmetic, true?

Extensive examinations were given throughout most of the country in an effort to get answers to these questions. The same tests as were given fifty or one hundred years ago were given again.

The results prove that the children of today do better in mental and written arithmetic and in oral and silent reading, about the same in geography and history, in spite of the fact that they have one hundred more years of it to study, and only slightly poorer in spelling.

Why not get the facts about our schools? Take time to read "Changing Times" in the Kiplinger Magazine, June, 1954 or "How Good Are Our Public Schools?" in the Readers Digest, September, 1954.

The youth of today know more about more things than any preceding generation. Our young people are better prepared for college than ever before.

You will be interested in the fact that on standard achievement tests the children of this supervisory union are above both the New England and National norms.

Let us know our schools, what they have done and what they are doing, and cooperate in a common effort to make them ever better.

TEACHERS

The teachers in Dummer this year are the same as for the preceding year. Ruth Croteau is at the West Dummer School and Florence Hamlin at the Willis School.

ENROLLMENT AND ATTENDANCE

There are, at this writing, 26 pupils enrolled at the two schools. Of these, 10 are at West Dummer and 16 at the Willis. The total enrollment is 4 less than last year.

The percentage of attendance at the Willis School was 98.5. This is a most commendable record and is the highest in this Supervisory Union for the year. There were no cases of tardiness at either school. This also is an outstanding record.

BUILDINGS AND EQUIPMENT

The two school buildings are for the most part in very good condition. During the summer, new curtains were installed at the Willis School and some repairs were made in the basement at West Dummer. Both buildings were thoroughly cleaned and the usual repairs made. The books, maps, and reference materials in both schools seem to be quite adequate.

It has been proposed that the School Board adopt the following school calendar for 1955-56.

SCHOOL YEAR, 180 DAYS.

TUITION

With the opening of school in September, we had 9 pupils attending Berlin High School. Of these, 2 are seniors, so that with 4 in grade 8, it is expected that the number will increase slightly next year. The High School tuition rate for 1954-55 is \$250.00 per pupil.

TRANSPORTATION

As was the case last year, Donald Hodgdon is transporting high school pupils to Berlin as well as the elementary pupils for the Pontook area to the West Dummer school. Fred Bradford is the transportor at the Willis School. At this writing we have no one being transported from the Paris Manufacturing Company to the West Dummer School.

NOTES ON THE BUDGET

The School Board's total budget for 1955-56 is \$16,303.00 as compared with \$15,107.00 for 1954-55. This represents an increase of \$1,196.00 in the total budget. Practically the entire increase is accounted for under the tuition item. There is an anticipated high number of tuition pupils along with an increase in the tuition rate which accounts for \$1,050.00 increase in that item. The rest of the increase is in the modest figure proposed for teachers salaries.

CONCLUSION

The schools are the community's opportunity for reaching all the children of all the people. It is our duty to provide their education, not merely in terms of books, credits and diplomas, but education in terms for preparation for living and earning.

I wish to take this opportunity to express my appreciation to the members of the School Board, parents, teachers and friends for their support in our common effort to maintain good schools.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools
